I think I have a full line up of the "6" tractors made in 1970 or 1971 except for the 1886. I have the 1556, two 1476's and now the 1886. This thing really runs and drives nice, all new tires make a big difference, I need to have the seat reupholstered next. Just traded "heads up" a Large Frame Mini-tractor with lawn cutting deck attachment & pulling a debris vacuum. We mounted the weights and shoes along with chute. The foot rest is painted and ready and we fixed chips! Found how hood got hot. We repaired the hydraulic cylinder on the machine and decided to refresh it! Fresh paint and service. We never changed oil or. Dad mounted blower on today and added a red stripe to fender pan. I was not feeling very good after work and did not even notice. Think I found a source of the leak by carb, breather plate was loose. Tightened that and dad fabbed up a better chute rod and handle. Decided to paint blower and wheels and weights. Looks very good now, even found better

First video after we repainted it and new decals! Not a perfect redo by any means, call it a refresh! Hasn't run long since we pulled ... Well was thinking about the upcoming winter and how the machines are set up. The its a work in progress. there will be a few parts to this video. Giving the old girl a workout! I didn't use it in nor'easter! Was just firing it up to mow and charge battery. I got home from work to find my new toy is here! I tried it some before parking it, was working ,then dead! Think Gas is super low or ... Got home to find her in garage almost done! Dad was busy! He also noticed my trouble getting on the tractor and made me a step ... Dad rebuilt the carb and I removed gas tank and flushed it out. Also made a chute rod bracket and the actual rod as one provided ...
